## 1 Oz. Silver Bullion Round

### Flexible Investing

Silver rounds and bars offer one of the most flexible ways to invest in precious metals. Sunshine Mint, based in Idaho, produces 1 oz. Morgan design silver rounds, as well as 1 oz., 10 oz., and 100 oz. silver bars. All of these options are available from GMRgold. With so many options, there is no reason to put off starting your stack right now. On the other hand, they are excellent choices to add diversity to any portfolio.

Sunshine Mint is a leading producer of fine gold rounds and bars, all bearing the SI Sunshine Mint Mark. This mark can help you authenticate the silver you get from this mint, because the SI technology allows you to use a special decoder lens to verify it. When you hold the lens up to the mint mark, it shows the word "Valid" if the item is indeed authentic.

The obverse of the 1 oz. silver round, Morgan design, features George T. Morgan's portrait of Anna Williams, who the designer felt was the most perfect woman in the world. The Morgan dollar has been a favorite among investors since it was first minted, and the image continues to delight investors today. The reverse of the 1 oz. silver round by Sunshine Mint show the Sunshine Eagle with its wings spread upward, the weight and purity of the round, and the mint's own SI Mint Mark.

These silver rounds and bars are approved for Precious Metals IRAs. The 99.9% pure silver in each of these products has been an excellent investment over the years. Right now, the premium over spot prices for silver is extremely low.
